The forestry crew This crew covers the maintenance of all boulevard and park trees in the City of Austin. They clear and trim trees that block the view of street signs and for street construction. We grind all of the City stumps and clean up shrubs and trees from City right-of-ways. Letters are sent to private property owners to do the same. This crew also works with our normal maintenance crews within our park system either mowing, garbage routes, flooding rinks and all else needed.

The mowing crew These crews have great responsibility with mowing 455 plus acres, 52,600 linear feet, and add in the flood areas, library, arena, and senior center. This crew switches hats in the winter to remove snow from 16 miles of City sidewalks, which include the Library, Town Center, both Arenas, and Mill Pond Path. Parking lots which require us to remove snow include, the Park & Recreation Office, Nature Center, Shop, and outside rinks. Our crew is also called upon by the Street Department to help them plow or haul snow. We believe we can do these areas taking in the normal upgrading of equipment.

Mechanic Thanks to our full time mechanic our crews stay up and running. Our mechanic does everything from major overhauls on engines and transmissions to tune ups on weed eaters. He is also the extra mower. He makes our department run smooth and on schedule. Our mechanic is now located in the new central garage building.

Park maintenance Park maintenance and construction crews have their hands full keeping the park system healthy and usable for the public. Buildings are constructed and maintained by these crews, truly jacks of all trades. During the summer months one man is pulled to spend his time keeping and maintaining the municipal pool. This person is greatly missed among the crew during this time.

The flower crew Temporary employees hired for the flower season to water and care for the City flowers. Duties include caring for the existing flowerpots, planters, downtown mall area, Library building, Municipal building, sterling medians, and Mill Pond. The total of flower baskets in 2007 was 303.

The Department's safety committee is in place and working hard to eliminate all injury.

There were 186 weed orders processed, and 60 of those orders were billed to property owners if not paid then assessed to their taxes.

Our crews are also involved with the preparation and clean up for the 4th of July Festival celebration. This involves moving the showmobile, picnic tables, and cleaning areas. During the summer when the concert in the park band plays a member from our crew hauls the equipment for each event.

Our Department maintains the outside of the Library grounds along with inside repair requests.

The Park and Recreation Department works with other Government Departments when requested.
Such as:

- Street Department - We remove tree stumps and trimmed trees for street projects.
We drive trucks for paving projects and snowplowing.
Our boom truck is used for hard to reach heights in the arena's during maintenance and other City areas.
- Austin Utilities - We trim and grind stumps & brush in return they purchase half of the chipper. We have helped plant trees and lay out areas for them. We have an agreement upon which they provide a mower, truck, trailer, and wages; we provide and supervise the employee which mows all their substations and warehouse areas.
- Mower County Highway - We have, on an emergency only basis went out in the county to trim back trees at bad intersections.
- Austin Public School - We help seed and level turf. Trim and remove trees, work back and forth to best utilize our playing fields and properties.

DEPARTMENT SUPPORT FOR AREA ASSOCIATIONS

Austin Youth Football: Transport equipment and take registration forms.
 Hockey Association: Flood outside rinks for practice and open to the public.
 Baseball Association: We work with them installing red rock infields, fences and other duties. RCC has been a large project that they have helped with.
 Austin Youth Soccer: Field lines and nets at Shirley Theel and Todd Park. In 2008 they will begin to help raising funds to add three more fields in Todd Park. The Hormel Foundation approved a grant of \$50,000 for the next five years dedicated to this project.
 Softball Association: The end of an era this association dissolved in 2008.
 Spruce Up Austin: Order materials, install, and water trees for this much needed organization.
 Austin Disc Golf Association: Work with them on the course in Todd Park and Driesner Park. They have received many accolades on this course, ranked in the top five in the State.

RECREATION

City recreation is responsible for planning, promoting, and organizing a comprehensive recreation program for all ages. The philosophy is to provide for the citizens of Austin the most complete recreation programs possible for the greatest number of people at the lowest price. Children's programs are offered as inexpensive as possible, while the adult programs are self-supporting.

J.C. HORMEL NATURE CENTER

The Jay C. Hormel Nature Center that began in 1971 is a 507-acre nature preserve that is located in western Mower County in the City of Austin. The Nature Center features restored and remnant prairie, hardwood forest, wetlands, and meandering streams. There are plenty of animals and birds for viewing wildlife as you hike the nine plus miles of trail.

ACCOMPLISHMENTS FOR 2008

- Facilitated a successful Oak Savanna Birding Festival and Ecoblitz Summer Solstice Special Family Event with Austin Audubon.
- Halloween Warm-up co-sponsored with Matchbox Children's Theatre continues to be well attended.
- Our sixth annual "Thanksgiving Feast" fundraiser was our highest amount of dollars raised for the Jay C. Hormel Nature Center.

- Facilitated with Austin Utilities and Riverland College the first energy festival entitled "RE-Fest".
- A new 2008 Ski Doo Scandic snowmobile was acquired for the Jay C. Hormel Nature Center through a Hormel Foundation grant to groom and track set cross country ski trails.
- Continue to provide quality environmental education programs for the Austin School District and surrounding communities.

Goals for 2009

To continue to offer and facilitate environmental education programs with an Energy Festival, Summer Youth Adventure Programs, Halloween Warm Up, Ecoblitz, Oak Savanna Bird Festival, Thanksgiving Feast and school field trip programs for grades K-12.

To continue to provide recreational opportunities to hike, cross country ski and canoe.

To build a new kiosk entitled the "Welcome Circle" which will have a new map, written interpretation regarding Jay Hormel, Oak Savanna landscape and new visitor seating.
