Commissioner Swenson asked how tall the sign is.

Ms. Wallace stated 8' tall.

Commissioner Swenson asked if the square footage of the sign is also over.

Ms. Wallace said yes, the proposed sign is 48 square feet, almost 2 times the 25 square feet allowed

Commissioner Lutz asked if the 8' in height included the entire sign.

Ms. Wallace said yes.

Commissioner Klenner asked if the sign is to be located on 4th Ave or 5th Pl.

Commissioner Norman said the map shows 4th Ave.

Commissioner Klenner asked if it is to be illuminated.

Ms. Wallace said both signs are illuminated but the proposed sign is low light that will stay within the property.

Commissioner Lutz asked about the setbacks.

Ms. Wallace stated the sign setbacks will have to meet zoning requirements.

Discussion:

Ms. Wallace stated this is discussion only regarding rezoning an area of town with a proposed development in block number four on your map. A multi-family market rate apartment complex.

Currently the area has multiple zones in a small area. There used to be a railroad in the area which is why there are I-1 Districts. This does not fit the area anymore so our discussion tonight is to think of the future of the area and what zone or zones would best fit.

Commissioner Lindberg motioned to adjourn. Seconded by Commissioner Norman. All in favor, none opposed. Roll Call below. Motion carried.
