The Hormel Foundation
329 No. Main Street, Suite 102L
Austin, MN 55912

Dear Members of The Hormel Foundation Board:

The City of Austin was recently awarded over \$843,000 of grants from The Hormel Foundation for projects that will benefit the citizens of our community. The generous contributions including drones for law enforcement and smoke detectors for the fire department shows your commitment to the safety of our citizens. Additionally, the funding you have provided for recreational opportunities, the 4th of July celebration, and I90 bridge enhancements will provide our citizens and businesses one more reason to be proud of the community they live, work, and play.

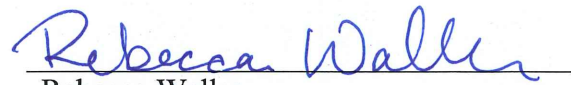

Once again, THANK YOU for the support The Hormel Foundation has given the citizens of Austin over the years and into the future.

Most Gratefully,

Thomas A. Stiehm
Mayor
